**\*\* Requires Ties or Outriggers as over height**

## **RECTANGULAR TOWERS**

**When erecting a scaffold with a rectangular base size the following rules apply:**

**If the Platform Height is:** 3' 9' 15' 21' 27'  
**Start the base with:** Two small frames and Two large anchor bars.  
**Finish the Handrail with:** Two large frames together with Two large handrails placed over the top of each frame (on the two long sides of the scaffold).  
 Two small anchor bars together with Two small handrails (on the two short sides of the scaffold).

**If the Platform Height is:** 30'  
**Start the base with:** Two large frames and Two small anchor bars.  
**Finish the Handrail with:** Two large frames together with Two large handrails placed over the top of each frame (on the two long sides of the scaffold).  
 Two small anchor bars together with Two small handrails (on the two short sides of the scaffold).
